

Junior Dancers Program 2022 Timetable

ABC Dance

From 16 Months

Movement & music for students from 16 months - 2 years. Help them learn and develop movement, creativity and self-expression. Parent participation required.

Toddler Dance

The children will gain a love for dance and music. During Term 1 and Term 2 a parent is also required to participate. Students will transition to an independent learning environment between Term 2 & 3 but parents are invited to watch class through the viewing windows if they wish.

Creative Dance

Turning 4 - 5 in 2022

Designed for children in kindy/pre-kindy, turning 4 or 5 in the year they attend. This class is designed to develop coordination, confidence and a sense of rhythm through movement, music and mime. The main focus is on enjoyment and creativity. The children will gain a love for dance and music. Parents may watch all classes through our viewing windows.

Creative Dance A is suggested for students who are turning 4 in the year they attend.

Prep Dance

Prep at School in 2022
